### TERMS OF SALE

1. All bids are per lot as numbered in the catalogue and all items are sold as per lot. No lots are sold out of numerical order. The right is reserved to withdraw any lot prior to sale, or to group two or more lots. No lots will be broken up.
2. The highest bidder will prevail. Lots are sold at a slight advance over the next highest bid. The auctioneer will regulate the bidding, and reserves the right to refuse any bid not believed to be in good faith. Should any dispute arise between bidders, the decision of the auctioneer, in the exercise of his judgment as to the successful bidder, will be final, and the auctioneer may re-offer or resell the lot under dispute. Title will be retained by Harmer, Rooke Numismatists, Ltd., until lots are paid for in full.
3. Auction sales are strictly for cash, and must be paid for promptly in U.S. funds.  $1\frac{1}{2}\%$  per month service charge will be added to all bids delinquent after 1 month from date of sale.
4. Floor bidders must identify themselves to the auctioneer immediately following the purchase of each lot. Payment of the whole purchase price, or such part as the auctioneer may require, will be made by the buyer in such manner as the auctioneer may determine. Personal checks may be accepted, subject to collection.
5. Mail bidders unknown to us must furnish satisfactory references, or remit a deposit of 25% of the total of bids. There is no charge for executing mail bids. In the case of equal bids, the earlier bidder will prevail. Successful mail bidders will be notified of the lots allocated to them, and must forward payment before the lots are sent. Those known to us, or who furnish satisfactory references, may, at our option, have their purchases forwarded for immediate payment. Delivery of lots will be to addresses indicated on bid sheets.
6. All lots are guaranteed to be genuine and as described. No lots may be returned by mail bidders without our written permission. All claims must be made in writing within 5 days after receipt of goods. We reserve the right to decide on all claims.
7. Forwarding charges, insurance, &/or registry fees will be borne by the purchaser. The N.Y. State Sales Tax as applicable, is payable by all buyers liable to tax.
8. Unlimited or "buy" bids cannot be accepted.
9. The placing of a bid will constitute acceptance of the foregoing terms of sale.
10. We cannot be responsible for any errors on the part of bidders. Please be careful.
11. No consignors, nor their agents, will be permitted to bid on their own material.

#### A COLLECTION OF ERROR COINS

Coins which show major errors have always fascinated the collector. Out of the uncounted millions of specimens spewed forth from the worlds coin presses, only a minuscule proportion will fall into this catagory. Perhaps it is this quality of uniqueness, this being "the only kid on the block" to own one, that explains their appeal. Regardless, the owner of the following lots has decided to part with his, and HRN is happy to offer them!

BROCKAGES are coins which have one side complete, as normal, while the other side shows exactly the same devises, portrait, lettering, etc., but incused and in reverse. This is caused by a coin sticking in the press, and being used as a die, thus leaving its imprint on the blank following it.

325	<b>BYZANTIUM.</b> Gold semis of Maurice Tiberius (582-602 AD) with complete brockage of the obv. EF, scarce. <b>PLATE</b>	(300.00)
326	<b>CANADA.</b> Bk. of Montreal copper token with complete obverse brockage on the reverse. EF.	(75.00)
327	<b>FRANCE.</b> Full brockage of a copper double Tournois of Louis XIII (1610-1643). Extra fine. Portrait side.	(75.00)
328	<b>Gold 20 francs of Louis XVIII (1914-24) with complete obverse brockage. VF. PLATE</b>	<b>(350.00)</b>
329	<b>GREAT BRITAIN.</b> Silver 3d of James II (1685-88). Only the obverse is visible, the reverse being a complete (BROCKAGE).	(75.00)
330	Young head silver shilling of Victoria with full brockage, as above.	(100.00)
331	<b>INDIA.</b> Queen Victoria silver $\frac{1}{4}$ Anna, with complete brockage as above. AU, portrait side.	(100.00)
332	<b>ITALY.</b> Lire of 1940 (Y41) nickel which is 25% off-center. Unc. a scarce coin made doubly so by this interesting error!	(50.00)

**OFF-METAL COINS** are those which are struck in a metal other than that which was intended. This usually happens when the wrong planchets are fed into a coin press. Off-metal coins must be struck on planchets which are smaller than the intended blanks since the larger blanks would not fit the machines. Thus you may find a cent on a dime planchet, but not a dime on a cent planchet.

333	<b>CANADA.</b> Silver Cent of 1921 struck on a dime planchet. Such early errors are extremely rare, and this may be a unique piece. VF. PLATE	(Estimate) (1,250.00)
334	1969 Cent in nickel, struck over a previously struck dime. Some of the devices of the dime, including the date are visible. Very odd error. Unc.	(150.00)
335	1964 Cent struck on a silver dime planchet, and poorly, at that! Uncirculated.	(150.00)
336	1964 Cent on a steel planchet, possibly from a foreign coin being run off at the mint at the same time. Quite possibly unique, certainly very rare. Unc. PLATE	(275.00)

**OFF CENTER COINS** occur when the planchet is not correctly centered on the dies.

337	<b>ANCIENT ROME.</b> Denarius of Augustus (29 BC-14 AD) Caius and Lucius reverse, struck about 40% off-center on both sides. VF.	(125.00)
338	Copper Antoninianus of Tetricus I (270-273 AD) PAX rev. The obv. is double struck resulting in two names and two half portraits. Fine.	(100.00)
339	Antoninianus of Tetricus II struck over Tetricus I. Rev. shows name and title of Tetricus I. F-VF.	(50.00)
340	<b>COLOMBIA.</b> Silver half peso 1887, almost 1/3 off-center. Scarce., uncirculated. PLATE	(250.00)
341	<b>Gold 5 pesos 1929 about 10% off-center.</b> Unc. PLATE	(500.00)
